

IIMBGA

SUMMER BROCHURE

2024 - 2026

Message from the Director

Dr. Vinita S. Sahay

Dear Recruiters,

“The mind is everything. What you think, you become” – Gautam Buddha

Welcome to IIM Bodh Gaya, where we strive to make mindful leaders ready for the future. At IIM Bodh Gaya we welcome the bright talent on campus, educate, nurture and train them to become the leaders of the future. On this land of Bodh Gaya where Lord Buddha attained enlightenment, the land where knowledge and wisdom rests in the soil, we are elated to celebrate the successful completion of 10 years of our journey towards academic excellence. Our journey to become the next ‘Seat of Learning’ in this part of the world drives and motivates us to achieve more.

Our values emphasize ‘To Be’ rather than ‘To Do’, to be mindful even in today’s chaotic world. Our rich values make us confident that we are significantly contributing to creating a pool of influential and meticulous leaders. We strive to create socially responsible managers by blending new and traditional values. The rich heritage of Bihar inspires our hearts every moment to give back value to our soil to be courageous enough to dream big. We at IIM Bodh Gaya aspire to be ambitious but modest, be able problem solvers with attention to emotional intelligence, and be zealous but unpretentious. I am confident that the values imbibed in the students of IIM Bodh Gaya will help pave the way to a brighter and better tomorrow.

We have made sure that our students are exposed to the best industry guidance available, have strong fundamentals and corporate exposure through dedicated sessions with eminent personalities from across diverse fields. The academic curriculum is designed keeping in mind the dynamic markets and environment, keeping students in touch with the latest trends and skillsets required in today’s time.

Our curriculum requires these highly motivated and bright students to undergo some mandatory courses in the first year. Once they complete the first-year courses, they undergo an internship to learn from corporate life.

Besides academics, students also learn from their vibrant community life on campus. They manage and take part in numerous co-curricular and extra-curricular activities which provide them opportunities to grow beyond classrooms. Our methods aim at training young ambitious minds into mature business professionals. I would like to take this opportunity to thank our existing industry partners for their invaluable support in the past and hope that our strong bond remains steadfast. I would also like to extend a warm welcome to our new partners here to join us on this transformative journey towards creating mindful future leaders. I reach out to them to serve them by offering the brilliant pool of students of our institute. We wish to have a long-lasting and mutually beneficial relationship with the industry and corporate world, our industrial stakeholders. Kindly treat this as a personal invitation to visit our campus. We are looking forward to welcoming you and connecting with you.

Message from the Chairperson

Dr. Sabyasachi Mohapatra

Dear Recruiters,

Welcome to IIM Bodh Gaya, where wisdom preaches itself! I would like to begin by thanking all the corporate partners for recruiting our scintillating young talents. I proudly present before you the 10th batch of MBA. This brilliant cohort comes from a pool of different backgrounds, from engineering to economics and BBA to BCA. This batch of young leaders are trained to be industry ready and work in the different corporate sectors. The richness of diversity pushes for and enriches our students in a receptive learning culture, which motivates them to be leaders of a better tomorrow.

The dynamic didactics of our Institute, with the active participation of our students in case competitions and industry-oriented projects, edifies our students to strive for the best and excel in every corner of life. The students here learn to work upon collaboration via the different competitions and live projects which the students partake in for gaining industrial exposure. With these newfangled skills our students are completely equipped to handle the corporate scene out there and thrive wherever they go.

We also furnish our students with mentorship programs, where they are guided by our amazing faculty members, who track the students' performances and guide them to be at par with the industry standards and add value to whichever corporation they go to.

Our students also actively participate in extracurricular activities, such as sports and cultural events, which help them in their dynamic evolution and provide for an overall development. We believe that Education is not the learning of facts, but the training of the mind to think. And this belief of ours makes our students go that extra mile, which makes them exceptional leaders and managers. Hence, with immense ardency I recommend our students to be an asset to your esteemed organizations and would like to invite you to participate in the recruitment process for our Institute. We look forward to building lasting relations with you and your organizations.

Thank you!

About IIM Bodh Gaya

The Indian Institutes of Management (IIMs) have played a pivotal role in shaping India's business landscape and fostering a culture of excellence in management education since our independence in 1947. With the rigorous academic curriculum, renowned faculty, and strong industry connections, IIMs have emerged as the premier institutions for nurturing future business leaders. The mission of IIM Bodh Gaya, which builds upon the legacy of the IIM brand is to produce leaders with a deep sense of social and emotional responsibility. With a relevant and dynamic curriculum which encompasses diverse management disciplines and incorporates the latest industry trends, the institute allows students to keep pace in the ever-changing world. IIM Bodh Gaya upholds close relationships with industry, which aids in bridging the knowledge gap between academic research and practical business applications. Students receive insightful information and exposure to contemporary industry practices through guest lectures, industry contacts, and corporate partnerships.

The institute appreciates the academic rigor and cultural diversity by collaborating with reputed international institutes in the US, France, Sweden, Spain, Venezuela, Russia, Mexico, Italy, Morocco, Peru Israel, and S. Korea, and many more. Through the exchange program, both students and teachers from the participating universities get the opportunity to better understand the unique academic climate, cultural norms, and personal beliefs of the other participating nations. The Institute contributes to the socioeconomic development of the country by promoting entrepreneurship, supporting rural development initiatives, and conducting research that addresses societal challenges. This is evidenced by faculties' achievements and credentials who have publications in ABDC and Scopus-listed journals of repute.

The MBA General Management program maintains its stellar reputation with an emphasis on innovation-driven strategies across a range of domains and a solid grounding in fundamental concepts, strong analytical abilities, and cutting-edge tools used by top companies. Complementing the MBA program is the MBA- DBM (Digital Business Management) program, which continues to build business graduates who will be experts in domain-specific tracks such as analytics, fintech, digital marketing and management consulting in digital business. The first-year graduates secured internships in some of the top leading firms. Parallely, the MBA-HHM (Hospital & Healthcare Management) has proved itself, with its graduates doing wonders in the industry.

In the past, scholars from all over the world have been drawn to the eastern region of India, which is home to venerable universities like Nalanda and Vikramshila. Bodh Gaya is a well-known Buddhist destination that welcomes millions of visitors each year. Together with a number of other noteworthy temples and monasteries, this historic hub of learning, which symbolizes an important route to enlightenment, is home to the Mahabodhi Temple, a UNESCO World Heritage Site. The famous 80-foot Buddha statue and the Indosan Nippon Japanese Temple, built in 1972 and home to a gallery of Japanese art, are both located in Bodh Gaya. IIM Bodh Gaya's transformation into "The Enlightening IIM" is still fuelled by inspiration from this land of enlightenment.

The background of the slide is a photograph of the IIM Bodh Gaya building at night. The building is a large, multi-story structure with a classical architectural style, featuring numerous columns and a prominent entrance. It is illuminated with warm yellow lights, and several red flags are visible on poles in front of the building. The sky is a clear, deep blue.

► Why IIM Bodh Gaya?

The Indian Institute of Management (IIM), Bodh Gaya was inaugurated on the 31st of August, 2015 as the 16th established IIM. The institute has emerged as the fastest growing IIMs within 10 years of its establishment. The curriculum of IIM Bodh Gaya is designed to foster a culture of inclusiveness where socially and emotionally responsible leaders are made. The diversity, the peaceful atmosphere, and a world-class infrastructure ensures excellence in research and education, creativity and mindfulness.

IIM Bodh Gaya has a dynamic student-run campus and a well - structured pedagogy which when paired with industrial exposure provides for a holistic development of the students. The mission of IIM Bodh Gaya is to create global leaders, by harboring the qualities of leadership and mindfulness. The students are especially trained with live industrial projects to inculcate in them camaraderie and pragmatism. We have various clubs and committees which are totally student-driven and forms a crucial part of the students' life.

The institute strives to foster an entrepreneurship environment at the campus. To encourage students for the start-up culture the E-cell 'Envision' and the Incubation Centre 'Inspire' work relentlessly. The Indian Institute of Management, Bodh Gaya lays emphasis on mental wellbeing of its students through its mindfulness center 'Samatvam' which propagates the 'evenness of mind' by awareness of self and the environment.

Vision: To be a globally recognized management school for developing socially responsible and mindful business leaders.

Mission: Our mission is to develop mindful leaders of business and social relevance in the global economy and to enhance academic excellence in learning practices and research.

IIMBG AT A GLANCE

► Vision

To be a globally recognised management school for developing socially responsible and mindful business leaders.

► Mission

Our mission is to develop mindful leaders of business and social relevance in the global economy and to enhance academic excellence in learning practices and research.

- Microeconomics
- Statistics for Management
- Information Technology & Systems
- Business Communication
- Sustainable Development

2

TERM

- Management Accounting II
- Financial Management I
- Organizational Behavior II
- Mindfulness at Workplace
- Marketing Management II
- Macroeconomics
- Operations Research
- Design Thinking
- Workshop on Interviews and Presentations
- Entrepreneurship

3

TERM

- Financial Management II
- Human Resource Management
- Marketing Management III
- Econometric Analysis for Business Management
- Operations Management
- Business Data Analytics
- Written Analysis and Communication
- Foreign Language
- Strategic Management
- Business Research Methodology
- Indian Legal System
- Business Ethics & Corporate Social Responsibility

▶ Electives - Year 2

MARKETING

- Consumer Behavior
- Sales & Distribution
- Integrated Marketing Communication
- Marketing Strategy
- Product & Brand Management
- International Marketing
- Retail & Rural Marketing
- Computational Thinking for Managers
- Marketing Analytics
- Pricing Strategies in Marketing
- B2B Marketing
- Services Marketing
- Digital & Social Media Marketing
- Luxury & Fashion Management

FINANCE & ACCOUNTING

- Security Analysis & Portfolio Management
- Financial Derivatives
- Business Analysis & Valuation
- Financial Statement Analysis
- Commercial Banking & Credit Lending
- Financial Risk Management
- Fixed Income Securities
- Investment Banking
- International Finance
- Project Appraisal & Finance

IT & ANALYTICS AND DECISION SCIENCES

- Data Science for Managers using Python
- Digital Transformation through AI
- Storytelling with Data
- Enterprise Resource Planning
- Advance Business Analytics
- Electronic Commerce
- Business Intelligence & Data Modelling
- Text Mining & Social Media
- Cloud Computing & IoT
- Big Data Analytics
- Network Security & Block Chain

OPERATIONS MANAGEMENT

- Supply Chain Management
- Total Quality Management & Lean Six Sigma
- Industry 4.0
- Operations Analytics
- Service Operations
- Project Management
- Sustainable Product Design & Development
- Operation Strategy
- Revenue Management & Dynamic Pricing
- Strategic Sourcing & Vendor Management
- Logistics Management

HUMAN RESOURCE/ ORGANIZATIONAL BEHAVIOR

- People Analytics
- Talent Acquisition & Training & Development
- Employee Engagement and Interpersonal Dynamics
- Industrial Relations
- Negotiation and Conflict Management
- Organizational Development & Change Management
- Employer Branding
- Strategic HRM
- Performance and Compensation
- Management Lessons from Gita

STRATEGY & GENERAL MANAGEMENT

- Decoding Business Models
- Management Consulting
- Competing Online
- Strategy & Organizational Leadership
- Scaling up ventures
- Mergers & Acquisitions & Strategic Alliances
- International Business

► How to reach IIM Bodhgaya

Bodh Gaya Airport is just 7 kilometers from campus. It is an international airport served by Druk Air, Thai Airways, Air India, and Indigo Airlines, with daily flights from metro cities. Alternatively, one can fly to Patna (135 kilometers from campus) and take a train, luxury bus, or taxi to reach Bodh Gaya. Most airlines connect Patna with Mumbai, Delhi, Ranchi, Lucknow, and other cities.

The nearest railway station, Gaya, is just 17km from the campus. Gaya is a major Railway junction on the Grand chord line served by express, superfast, and Rajdhani express trains.

Regular direct bus services are available from Gaya, Patna, Nalanda, Rajgir, Varanasi.

Road: Bodh Gaya is well connected by road to Gaya (17km), Nalanda (101km), Rajgir (78km), Patna (135km), Varanasi (252km), Kolkata (495km).

DIRECTOR'S MESSAGE

Dr. Vinita Sahay

Director, IIM Bodh Gaya

Dear Recruiters,

Welcome to IIM Bodh Gaya, situated in the land of enlightenment, where knowledge and wisdom rest in the soil, and a constant quest for the unknown is the quintessential strive. This year marks our successful completion of 9 years of academic excellence, and our conviction and faith toward becoming the next "Seat of Learning" in this part of the world drives and motivates us to achieve more. At IIM Bodh Gaya, values like 'Mindfulness' are in the air, and "To Be" is prized over "To Do." With such rich values, which are the need of the hour in today's chaotic world, we are confident in significantly contributing to creating a pool of influential leaders. Our mission is to develop meticulously curious minds into leaders of persevering brilliance who seek to move ahead of time with an ability to maneuver firms through the ever-changing business environment. We strive to honor the responsibility of creating socially responsible managers by blending in the old and the new, the traditional and the technological. At Bodh Gaya, we focus on imbibing in our students' timeless virtues like compassion, integrity, sustainability, inclusiveness, and diversity, and we take pride in being the IIM with a particular focus on mindfulness towards creating aware leaders and mindful managers. We strive to transform young, ambitious minds into virtuous leaders focusing on mindfulness, high intelligence, and emotional quotient. In these trying times, I am sure the values imbibed in them here at IIM Bodh Gaya will help pave the way to a brighter and better tomorrow.

We have ensured that our students get solid fundamentals and corporate exposure through dedicated sessions with eminent personalities from diverse sectors. And the academic curriculum is revised from time to time-based on the latest trends to ensure that our students are industry-ready. We are constantly trying to adapt to the changing dynamics and embrace the new normal with creativity and innovation in the VUCA times. We understand that for today's organizations, the need of the hour is to have responsible management capable of making sensible decisions that result in positive long-term implications for the firm, the industry, and society. Hence, we focus on enhancing our students' ethical sense and value systems along with the necessary core business concepts, which will lead to developing practical leadership skills.

Besides academics, our students also learn from their thriving community. They manage and participate in many co-curricular and extracurricular activities that allow them to grow beyond classrooms. Our methods aim at training young, ambitious minds into mature business professionals. We thank our existing Industry Partners for the invaluable support they have extended to us over the past couple of years. We truly value these relationships and want to nurture them to higher levels. I also take this opportunity to reach out to new partners to help us serve them by offering the pool of talented and inspired young minds whom we have nurtured for them. We wish to have a long-lasting and mutually beneficial relationship with the Industry and corporate world, our essential stakeholders. Kindly treat this as a personal invitation to visit our Campus. We are looking forward to meeting you.

CHAIRPERSON'S MESSAGE

Dr. Sabyasachi Mohapatra

Chairperson Career Development Cell, IIM Bodh Gaya

Dear Recruiters,

Welcome to IIM Bodh Gaya! First, I would like to thank all the corporates recruiting our country's young talents. With great pleasure, I present the 2nd batch of MBA - Digital Business Management Program. Our students come from diverse educational backgrounds ranging from engineering to management to social sciences, and industrial experience in various domains of consulting, sales & marketing, finance, etc. This diversity enriches our culture and allows each of our students to learn from their differences and be better future leaders. In a span of 1 year, they have proven their mettle in the industry by winning accolades in corporate case competitions and summer internships in renowned organisations.

Our dynamic pedagogy, a union of conventional classroom learning and practical industrial exposure with active participation in case studies, live projects, and industry interactions, helps and motivates our students to strive for excellence in every sphere. The talk series, competitions, etc., provide them with industrial exposure and instill in them the spirit of collaboration, which is an essential trait for any good leader. With this fusion, we ensure that our students are well-equipped to handle and thrive in the real corporate world and would be an asset to any organization they are a part of.

We also provide mentorship programs to our students where each is assigned to a faculty who helps track their overall progress and guides them through any difficulty they may face regarding their industry interactions. This ensures that all our students are at par with industry expectations.

Apart from keeping up with the industry requirements regarding their skills, our students partake in various extracurricular activities, from sports to cultural events, which help their overall development. In addition, our initiative to create mindful leaders of the future takes our students an extra mile. It provides them with all the necessary tools to be a valuable addition to your organization. So, with immense pride, I recommend our students to your esteemed organization and would like to invite you to participate in the recruitment process for this Enlightening IIM. This brochure contains all the necessary information that you may need. We look forward to building a healthy, long-lasting relationship with you and your organization.

Welcome!

ABOUT MBA-DIGITAL BUSINESS MANAGEMENT

Technology has transitioned from being an add-on to routine business operations in the dynamic business environment to serving as the foundation of every organization's strategies. In response to this swift transition to digitalization, the Indian Institute of Management Bodh Gaya launched the only two-year MBA program in digital business management in India. This course provides an advanced curriculum that was meticulously developed in collaboration with academic and industry professionals to assist students in remaining competitive and adapting to the constantly evolving business environment.

The program has four special tracks that aim to offer students a comprehensive education in technical skills and digital-age administration. The rigorous program comprises six terms, each lasting nine weeks, and involves extensive study. In the first year, students acquire practical knowledge in both the traditional and digital aspects of business practice as they explore the principles of management. During a four-month summer internship with any reputable organization, they acquire valuable industrial experience, knowledge, and exposure.

Second-year students have access to a wide variety of electives that emphasize the development of the skills necessary to succeed in innovative organizations and the management of digital transformation. This program is designed for professionals who are adept at identifying market opportunities, developing practical solutions to industry challenges, and demonstrating proficiency in digital environments. The Digital Business Management program at IIM Bodh Gaya is designed to cultivate future executives who are capable of leading diverse and complex teams in the digital era and making data-driven decisions.

ABOUT THE PROGRAM

Industry professionals have developed the two-year Digital Business Management course to equip students with the latest advancements in the technological management sector. The course is adaptable to the rapidly changing corporate environment. The curriculum commences with mandatory courses in the first year, which primarily cover fundamental business concepts and establish a foundation. This design equips students with a cross-functional perspective, awareness, and decision-making capabilities. The students receive direct industry exposure during their 16-week mandatory internship. Depending on one's career objectives and area of interest, the second year offers a diverse selection of functional electives.

1. Only IIM Bodhgaya has implemented the MBA-Digital Business Management special course. Its objective is to provide transformative learning, skills, and current awareness with pertinent knowledge to foster socially responsible managers.
2. The pupils participate in an immersive curriculum that cultivates their analytical, entrepreneurial, and decision-making abilities while simultaneously establishing a robust conceptual foundation in management, under the guidance of a dedicated faculty. The meticulously crafted curriculum stay in line with the latest global business trends.
3. Workshops, seminars, and guest lectures are essential components that refine student's thought processes and shape their minds. There is significant emphasis on the 20+ student-driven clubs and committees that incorporate critical aspects of business management and values.
4. The students are actively engaged in immersive industry activities, leadership lectures, and global and national competitions organized by both academia and industry. Additionally, IIM Bodh Gaya provides a wealth of global experience through international immersion programs and partnerships with esteemed universities worldwide, which enhance academic rigor and cultural comprehension.

IIM BODHGAYA AT A GLANCE

Y-O-Y GROWTH IN RANKING

VISION

TO BE A GLOBALLY RECOGNIZED MANAGEMENT SCHOOL FOR DEVELOPING SOCIALLY RESPONSIBLE AND MINDFUL BUSINESS LEADERS.

MISSION

- Business Value Creation with Robotic Process Automation
- Internet of Things for Digital Business Model Innovation
- Cybersecurity: Protecting Your Digital Business
- Supply Chain Analytics
- Digital Business growth with Cloud Computing
- Story Telling with Data
- Artificial Intelligence and Machine Learning in Digital Business Management

Specialisation Tracks

Track III (Strategy & Consulting for Digital Business Management)

- Scaling Strategies in a Digital Age
- Digital Business Consulting
- Exit Strategies for New & Established Ventures
- Venture Growth Strategy for Managing Digital Business
- Strategy Analytics

Track IV (FinTech)

- Financial Engineering and Risk Management
- The Future of Digital Payment Technologies
- Derivatives - Options & Futures
- Investment and Portfolio management
- Introduction to InsurTech
- Digital Retail Banking and Related Technologies
- Python and Statistics for Financial Analysis
- Digital Transformation in Financial Services

SPECIALIZATION INTRODUCTION

DIGITAL MARKETING & BUSINESS DEVELOPMENT

The rise of online dominance of brands and advertisements has paved the way for promising career growth in digital marketing. Nearly 77% of companies globally have adopted digital marketing. The mindset of a marketer will be better equipped to understand consumer behavior, digital product management, business development, and make data-driven marketing decisions. The student will learn social media marketing, digital retail strategy, B2B marketing, and strategic marketing. The course helps in creating and managing brands, developing content marketing techniques and beyond. The industry-consulted course structure will prepare the individual to transform the marketing efforts of any tech-savvy organization.

DATA ANALYTICS & DECISION SCIENCES

Incremental Growth (B)

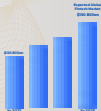

\$414.97

The program is suited for learners eager to gain the best-class understanding of the niche analytics domain. The specialization will help develop the student and executives for techno-managerial roles who are willing to transform the supply chain, digital business, cybersecurity practices, robotics process automation, etc., by storytelling through data and utilizing supply chain analytics, people analytics, Business intelligence, IoT, AI, and cloud computing. The Data Analytics & Decision sciences will help in learning from creating AI systems to protecting the data, from Big Data to IoT, and from value creation for business to Data modelling.

FINTech

India's fintech market is estimated to be \$150 billion by 2025. Even on a global scale, these investment numbers are expected to grow, proving that FinTech is for the long haul. The fintech industry has seen tremendous growth in India over the last decade since it caught pace after expanding internet services and government initiatives. With a fintech adoption rate of 87% against the global average of 64%, India is one of the fastest-growing fintech markets in the world. The Digital Business Management program with Fintech specialization will superbly help individuals to grow fast in the fast-growing industry. The highly demanded skills in financial analysis, Financial engineering, digital payment technologies, InsurTech, Investment, and portfolio management will be the highlights to enable the individual to expand the horizon of thoughts while making financial decisions at the highest level in the organization.

STRATEGY & CONSULTING

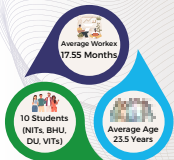

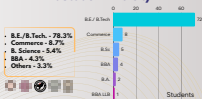

Consulting services in India have a consistently growing demand among domestic and foreign firms, and global strategy consulting is expected to grow to \$91 billion by 2025. With the need to adapt to the expansion of technology, more and more companies look for continuous development in strategies to shape their digital transformation. The Digital Business Management (Digital Business Management) program will provide individuals to develop the mindset and required knowledge to develop strategies for consulting roles. The strategy and consulting offer a gamut of excellent growth opportunities in IT consulting, business digitalization and IT strategic planning. The course curriculum helps students understand scaling strategies, venture growth, digital business consulting and strategy analytics.

DIRECTOR'S MESSAGE

Dr. Vinita S Sahay

Director, IIM Bodh Gaya

'We strive to transform young ambitious minds into virtuous leaders with a focus on mindfulness, intelligence as well as emotional quotient. I am sure the values and virtues imbibed in the students here at IIM Bodh Gaya will help pave the way to a brighter and better tomorrow.'

Dear Recruiters,

Welcome to IIM Bodh Gaya, situated in the land of enlightenment, where knowledge and wisdom rest in the soil, and the constant quest for the unknown is the quintessential strive. This year marks our successful completion of 9 years of academic excellence, and amidst these uncertain, volatile, and ambiguous times, our conviction and faith towards becoming the next 'Seat of Learning' in this part of the world drives and motivates us to achieve more. At IIM Bodh Gaya, values like 'Mindfulness' are in the air, and "To Be" is prized over "To Do". With such rich values, which are the need of the hour in today's chaotic world, we are very confident in making a very significant contribution to create a pool of effective leaders. Our mission is to develop meticulously curious minds into leaders of persevering brilliance who seek to move ahead of time, with an ability to manoeuvre firms through the ever-changing business environment. We seek to honour the responsibility of creating socially responsible managers by blending in the old and the new, the traditional and the technological. At Bodh Gaya, we focus on imbibing in our students' timeless virtues like compassion, integrity, sustainability, inclusiveness, and diversity, and we take pride in being the IIM with a special focus on mindfulness, towards creating aware leaders and mindful managers. We strive to transform young ambitious minds into virtuous leaders with a focus on mindfulness, high intelligence as well as emotional quotient, and in these trying times, I am sure the values imbibed in them here at IIM Bodh Gaya will help pave the way to a brighter and better tomorrow.

We have made sure that our students get a mix of both, strong fundamentals and corporate exposure through dedicated sessions with eminent personalities from across diverse sectors. And the academic curriculum is revised from time to time based on the latest trends to ensure that our students are industry-ready. We are constantly trying to adapt to the changing dynamics and embrace the new normal with creativity and innovation in the VUCA times. We understand that for today's organizations, the need of the hour is to have responsible management that is capable of making sensible decisions that result in positive long-term implications for the firm, the industry, and society. Hence, we focus on enhancing the ethical sense and value systems in our students along with the necessary core business concepts which in turn will lead to the development of effective leadership skills.

Besides academics, our students also learn from their thriving community. They organize and take part in a number of co-curricular and extracurricular activities that provide them with opportunities to learn beyond classrooms. Our methods aim at training young ambitious minds into mature business professionals. We thank our existing industry partners for the invaluable support they have extended to us over the past couple of years. We truly value these relationships and would like to nurture them to higher levels. I also take this opportunity to reach out to new partners to help us serve them, by offering the pool of talented and inspired young minds whom we have nurtured for them. We wish to have a long-lasting and mutually beneficial relationship with the industry & corporate world, who are our important stakeholders. Kindly treat this as a personal invitation to visit our campus. Looking forward to meeting you!

CHAIRPERSON'S MESSAGE

Dr. Sabyasachi Mohapatra

Chairperson, Career Development Cell

Dear Recruiters,

Welcome to IIM Bodh Gaya! I would first like to thank all the corporates who are recruiting the young talents of our country. With great pleasure, I present to you the 2nd MBA-Hospital and Healthcare Management batch of our budding institute. Our students come from diverse educational backgrounds ranging from pharmaceutical, engineering, management, to social sciences along with industrial experience in various domains of consulting, sales & marketing, finance, etc. This diversity enriches our culture and provides each of our students the opportunities to learn from the differences and be better leaders of the future.

Our dynamic pedagogy, which is a union of conventional classroom learning and practical industrial exposure with active participation in case studies, live projects, and industry interactions, helps and motivates our students to strive for excellence in every sphere. The talk series, competitions, etc. not only provide them with industrial exposure but also instill in them the spirit of collaboration which is an essential trait for any good leader. With this fusion, we ensure that our students are well equipped to handle and thrive in the real corporate world and would be an asset to any organization they are a part of.

We also provide mentorship programs to our students where each of our students is assigned to a faculty, who help track their overall progress and guides them through any difficulty that they may face when it comes to their industry interactions. This ensures that all our students are at par with industry expectations.

Apart from keeping up with the industry requirements in terms of their skills, our students partake in various extracurricular activities, ranging from sports to cultural events, which helps in their overall development. In addition, our initiative to create mindful leaders of the future takes our students an extra mile and provides them with all the necessary tools to be a valuable addition to your organization. So, with immense pride, I recommend our students to your esteemed organization and would like to invite you to participate in the recruitment process of this Enlightening IIM. This brochure contains all the necessary information that you may need. We look forward to building a healthy and long-lasting relationship with you and your organization.

Welcome!

ABOUT

MBA-HOSPITAL & HEALTHCARE MANAGEMENT

Healthcare is a binding obligation that we owe not only to our contemporary world at large but also to future generations, which will stand the test of time. From quick reactions in hospital infirmaries to the private retirement of a diabetic's regimen, the age-old saying "Health is Wealth", stays true to this day. Such is the call and beckon of time that IIM Bodh Gaya has realized its potential and handcrafted a program that will meet the demands of a market that never seems to sleep.

The MBA in Hospital and Healthcare Management program at IIM Bodh Gaya is designed to foster a synergistic blend of academic knowledge and pragmatic orientation. The program's focus is on preparing professional healthcare managers to handle the critical administrative functions of hospitals and healthcare organizations. They play a pivotal role in ensuring quality, optimization, increased productivity, and sustainability in hospital operations worldwide. Through exposure to a wide range of courses and summer internship, students gain a broader perspective on healthcare management and administration, equipping them with the necessary knowledge and resources to tackle complex industry challenges.

Our goal is to create professionals who are adept at identifying practical problems and utilizing time-tested and contemporary managerial techniques to arrive at the most appropriate solutions in the healthcare sector. With a focus on empowering potential hospital and healthcare management professionals, the program provides in-depth knowledge, skills, abilities, and practical exposure to equip them with the required competencies for meaningful contributions to the healthcare and allied sectors.

As such, our future managers will possess the ingenuity and determination required to effect long-lasting change. And produce proficient healthcare and hospital managers who will identify and bridge the gap between the healthcare sector and the ever-evolving needs of the modern world.

COURSE STRUCTURE

TERM –1

- Organizational Behaviour in Healthcare
- Business Statistics: Healthcare Perspective
- Managerial Economics
- Accounting for Healthcare Organizations
- Marketing Management for Healthcare
- Healthcare Delivery Systems & Public Health Administration
- Business Communication for Health Professionals
