IMS CAT 2025 Slot 1 Exam Analysis: Verbal Ability & Reading Comprehension

The VA-RC section consisted of 16 Reading Comprehension questions and 8 Verbal Ability questions. The Reading Comprehension section featured the addition of vocabulary-based application questions — a question type not previously seen in the CAT. The passage on “Alienists and the art of diagnosing mental disorders” was easier. The passages on “Income inequality and economic growth” and “Objections to Electronic Music as a musical genre” were of moderate difficulty and required careful reading. The passage on “Complex Systems and the dynamics of tail events” was tough to read, had difficult questions and lengthy options.

About 10 to 12 RC questions could be attempted with high accuracy. Verbal Ability questions reintroduced parajumbles after the gap of a year. So, the section had 2 questions each of Summary (MCQ), Paragraph Completion (MCQ), Odd Sentence questions (TITA), and Jumbled Paragraphs (TITA). In VA, 5 or 6 attempts with high accuracy were possible. Overall, the VARC section was more difficult than that of CAT 2024 Slot 1. The LOD of the VARC section, specially the RCs, was comparable to the VARC of several SimCATs.

Area / Questions	No of Qs.	Type	LOD
Reading Comprehension	16	MCQ	Overall: Medium
RC- 1: Alienists and the art of diagnosing mental disorders	4	MCQ	Easy
RC- 2: Income inequality and economic growth	4	MCQ	Medium

Area / Questions	No of Qs.	Type	LOD
RC- 3: Objections to Electronic Music as a musical genre	4	MCQ	Medium
RC- 4: Complex Systems and the dynamics of tail events	4	MCQ	Difficult
Verbal Ability	08	MCQ & TITA	Overall: Medium
Paragraph completion	2	MCQ	1 Easy, 1 Medium
Summary	2	MCQ	2 Medium
Odd Sentence Questions	2	TITA	2 Medium
Jumbled Paragraphs	2	TITA	1 Easy, 1 Medium

An attempt of 12 or 13 questions with an accuracy of approximately 60% will fetch around 85%ile score in VARC.

An attempt of 16 or 17 questions with an accuracy of approximately 70% will fetch 95+ percentiles in VARC.

IMS CAT 2025 Slot 1 Exam Analysis: Data Interpretation and Logical Reasoning

Overall structure of the section remained unchanged with 22 questions spread over 5 sets- 2 sets with 5 questions each and 3 sets with 4 questions each. However, one important deviation was that half the section (11 questions) was TITA.

Overall, the Level of difficulty of the section was Medium to Difficult and it was one notch more difficult in comparison with the DILR Section of CAT 2024.

Set No	Area	Set Description	No. of Questions	Question Type	LOD
	Data Interpretation and Logical Reasoning		22	MCQ and TITA	Medium to Difficult

1	Data Interpretation	Performance rating of 6 employees	5	4 TITA	Medium
2	Data Interpretation	Import-Export data of 5 countries	4	4 MCQ	Easy to Medium
3	Logical Reasoning	Circular arrangement set involving 4 persons and 7 chairs	5	4 MCQ, 1 TITA	Medium
4	Logical Reasoning	Five persons tapping eyes and nose	4	2 MCQ, 2 TITA	Medium to Difficult
5	Logical Reasoning	Train movement from stations A to E	4	4 TITA	Medium

An attempt of about 8 questions with an accuracy of approximately 80% will fetch around 85%ile score in DILR.

An attempt of about 12 questions with an accuracy of approximately 85% will fetch 95 + percentiles in DILR

IMS CAT 2025 Slot 1 Exam Analysis: Quantitative Ability

This section was similar in terms of level of difficulty as compared to CAT-2024 and was dominated by Arithmetic (8 questions), followed by Algebra (4 questions) and Numbers (4 questions). There were 3 questions each on Geometry and Modern Math. The questions on Arithmetic were relatively on an easier side. The questions on Algebra were somewhat complex. In Arithmetic, the questions were from different topics such as SI/CI, Time and Work, Time-Speed-Distance, Ratio Proportion, Mixtures & Alligations, and Profit & Loss. In Algebra, the questions were dominated by Quadratic equations, Inequality with logarithms etc. In Modern Math, the questions were on Progressions, Permutations etc. In Geometry, the questions were on Circles-Quadrilaterals, and Coordinate Geometry.

Number of TITA (8 questions) and MCQ (14 questions) in this section.

Area/Q Type	No of Questions
