NMAT Syllabus 2026: While NMAT exam has no officially defined syllabus, based on previous years papers and exam pattern, NMAT Syllabus 2026 can be divided into three sections: Language Skills, Logical Reasoning, and Quantitative Skills. NMAT syllabus for Quantitative Skills section covers topics like Arithmetic, Algebra, Geometry, Modern Math, and Data Interpretation, testing mathematical problem-solving abilities. NMAT syllabus for Logical Reasoning section includes puzzles, seating arrangements, coding-decoding, and critical reasoning. NMAT syllabus for Language Skills section includes RC passages, sentence correction, and word-based exercises. Read section wise topics and how to cover NMAT syllabus. **NMAT Exam Syllabus 2026 PDF download** link is also given below. [NMAT 2026 exam](#) is expected to be held from early November till mid-December, 2026.

NMAT 2026 Overview

NMAT (NMAT by GMAC) is an important national level MBA entrance test leading to admission in many top MBA colleges including NMIMS Mumbai, XIMB, TAPMI, KJ Somaiya and SDA Bocconi amongst others. NMAT exam is conducted by Graduate Management Admission Council (GMAC), the body that also conducts GMAT Exam across the world. Based on previous year's trends, [NMAT 2026 exam](#) is expected to be held from early November till mid December 2026.

NMAT Exam Pattern 2026: Key Highlights

Key highlights of NMAT exam are as below:

- **NMAT Exam Sections:** NMAT 2026 is comprised mainly of 3 sections: Language Skills, Quantitative Skills, and Logical Reasoning.
- **Number of Questions:** Further, each section of the NMAT exam contains 36 questions, resulting in a total of 108 questions.
- **Overall Time Duration:** NMAT examination is a computer-based test (CBT), and the total duration of the examination is 120 minutes (2 hours).
- **Sectional Time Limit:** All three sections further have a sectional time restriction as follows:
 - Language Skills - 28 minutes
 - Quantitative Skills - 52 minutes

- Logical Reasoning - 40 minutes
- **No Negative Marking:** One interesting thing about the NMAT exam is that there is no provision for negative marking.
- **Exam Difficulty Level:** Moderate compared to CAT, XAT and SNAP
- **Number of times you can take the exam:** 3 attempts within a 45-day testing window

NMAT Exam Pattern 2026: Overview

NMAT differs from CAT and XAT in key aspects such as adaptive format, difficulty level, and no negative marking. However, NMAT exam is considered to have lower difficulty level, and does not have negative marking. As shared above, NMAT exam paper has 3 sections. The NMAT 2026 exam pattern follows a simple marking scheme. NMAT exam awards +3 marks for each correct answer. There is also no negative marking for un-attempted questions. Check details in the table below.

NMAT Exam Pattern 2026 (Expected)

Exam Sections	Number of Questions	Allotted time in Minutes
Language Skills	36	28
Quantitative Skills	36	52
Logical Reasoning	36	40
Total	108	120

NMAT Syllabus 2026: Overview

NMAT Syllabus 2026 is divided into three sections: Language Skills, Logical Reasoning, and Quantitative Skills.

- **Quantitative Skills:** This section tests mathematical aptitude across Arithmetic, Algebra, Geometry, Modern Math, and Data Interpretation. Key topics include percentages, ratios, equations, probability, and graph-based problem-solving.
- **Logical Reasoning:** The section assesses both analytical and verbal reasoning skills, covering topics like coding-decoding, blood relations, seating arrangements, critical reasoning, and statement-based logical analysis.
- **Language Skills:** This section evaluates vocabulary, grammar, and reading comprehension skills. Questions include RC passages, sentence correction, fill-in-the-blanks, jumbled sentences, and word analogies.

NMAT Syllabus 2026: Quantitative Skills

NMAT Syllabus for quantitative skills section is divided into five main topics, each with several subtopics. Based on the type of questions that have appeared in previous year papers, NMAT Syllabus for Quantitative Skills section is as follows.

NMAT Quantitative Skills Syllabus 2026

Area	Type of Questions
Arithmetic	Percentages, Ratio and proportions, Averages, Time, work and partnership, Simple and compound interest, Integers, LCM & HCF
Modern Math	Permutation and combination, Coordinate geometry, Set theory, Probability, Progression arithmetic, Geometric, Harmonic and Relationship
Algebra	Venn diagrams, Equations, Inequalities, Absolute value, Quadratic equations and Linear equations
Geometry & Mensuration	Logarithm, Circles, Quadrilaterals, Square and rectangles, Lines, angles, and triangles, Polygons, Cylinder, cones, and spheres, Cubes and cuboids, Rhombus, Trapezium, Parallelogram, 3D figures, Pythagoras Theorem and Base Angle Theorem
Data Interpretation	Longest Side Theorem, Line graphs, Bar charts, Pie charts and Tables

NMAT Syllabus 2026: Logical Reasoning

The Logical Reasoning section of the NMAT exam assesses your analytical and critical thinking skills, requiring you to evaluate arguments, draw conclusions, and demonstrate sound judgment. NMAT logical reasoning section includes questions on Verbal Reasoning and Logical Reasoning. Based on the type of questions that have appeared in previous year papers, NMAT Syllabus for Logical Reasoning section is as follow.

NMAT Logical Reasoning Syllabus 2026

Area	Type of Questions
Logical Reasoning	Classification, Syllogisms, Coding and decoding, Symbol based questions, Blood relation questions, Matrix type questions, Series and direction questions, Linear and circular arrangements, Alphabet questions and Other reasoning questions
Verbal Reasoning	Critical reasoning, Decision making, Course of action, Statement and inference questions, Statement and assumption questions, Statement and argument questions

NMAT Syllabus 2026: Language Skills

The language skills section in NMAT exam included questions that are based on the contents of the passage. Question types included inference, tone and attitude, specific detail questions, and central idea. Grammar and vocabulary questions in NMAT exam include different types of questions including Spot the Error; Fill in the Blanks; Sentence Completion, Jumbled Paragraphs; Word Analogies and other similar questions. Based on the type of questions that have appeared in previous year papers, NMAT Syllabus for Language Skills section can be divided in three sections as below.

NMAT Language Skills Syllabus 2026

Area	Type of Questions
Vocabulary	Analogies, Synonyms, Antonyms, Fill in the blanks, Cloze test and Idioms
Grammar	Tenses, Sentence correction, Parts of speech, Phrasal verbs, Choose the correct preposition
Comprehension	Identify the error, RC Passages, Jumbled Sentences, Para Jumbles, Odd One Out and Paragraph Summary

How to cover NMAT Syllabus 2026?

Preparing for NMAT requires a well-planned strategy that focuses on conceptual clarity, practice, and time management. Here's how you can effectively cover the NMAT syllabus 2026:

- **Understand the Exam Pattern:** Familiarize yourself with the section-wise distribution of questions, time limits, and marking scheme to develop a strategy.
- **Conceptual Clarity:** Strengthen your basics in Quantitative Skills, Logical Reasoning, and Language Skills by referring to standard books and online resources.
- **Practice Regularly:** Solve previous years' question papers and take mock tests to identify weak areas and improve speed and accuracy.
- **Time Management:** Develop a time-bound approach for each section to maximize your score within the allotted duration.
- **Focus on Strengths & Weaknesses:** Allocate more time to topics where you struggle while ensuring consistent revision of strong areas.
- **Utilize Online Resources:** Leverage practice tests, video lectures, and question banks to enhance preparation.
