SNAP Exam Syllabus 2026: Section-wise Topics

SNAP Syllabus 2026 at a Glance

Section	Questions	Key Topics	What Past Papers Show
General English	10	Grammar, vocabulary, idioms and proverbs, figures of speech, fill in the blanks	No Reading Comprehension questions in SNAP 2023 to 2025; grammar made up two-thirds of the section in 2023 and 2024
Quantitative, DI & DS	20	Arithmetic, Modern Maths, Geometry, Number System, Algebra, DI, DS	Arithmetic and Modern Maths together averaged 63% of Quant questions in SNAP 2023 to 2025

Section	Questions	Key Topics	What Past Papers Show
Analytical & Logical Reasoning	20	Verbal reasoning and non-verbal reasoning	Non-verbal reasoning averaged 59% of the section; all single questions, no sets, in SNAP 2025
Ethics, Morality and Values (New)	10	Ethical and moral dilemmas faced by managers in business situations	New section in SNAP 2026; no past papers yet
Total	60		

SNAP Syllabus 2026 for General English

As per the SNAP bulletin, the English section is officially named General English: Reading Comprehension, Verbal Reasoning, Verbal Ability. However, no Reading Comprehension questions have appeared in SNAP 2023, 2024 or 2025. The section is grammar-heavy, and all questions in recent papers were rated easy. SNAP 2026 has 10 questions in this section, down from 15.

SNAP Syllabus 2026 for Quantitative, DI & DS

The Quant section has 20 questions, unchanged from SNAP 2025. Recent papers have been dominated by Arithmetic and Modern Mathematics, with very few or no Data Interpretation and Data Sufficiency questions. On average across SNAP 2023 to 2025, Arithmetic and Modern Maths made up about 32% of Quant questions each, Geometry 13%, Number System and Algebra 10% each, and Data Interpretation 3%.

SNAP Syllabus 2026 for Analytical & Logical Reasoning

The Reasoning section has 20 questions in SNAP 2026, down from 25. Non-verbal reasoning averaged about 59% of this section in SNAP 2023 to 2025. In SNAP 2025, all reasoning questions were single questions, with no set-based questions.

SNAP Syllabus 2026 for Ethics, Morality and Values

Ethics, Morality and Values is a new section in SNAP 2026, with 10 questions. The questions are expected to be on ethical and moral dilemmas that a manager faces in business situations. As there are no past SNAP papers for this section, candidates can practise ethical caselets from the XLRI XAT Decision Making section. Ethics questions in XAT have covered themes such as ethics versus profitability, confidentiality, conflict of interest, fair treatment and whistleblowing, and similar themes are likely in SNAP.

SNAP Preparation 2026: Section-wise Tips and Strategy

How to Prepare for SNAP 2026? SNAP is a speed-based Symbiosis MBA entrance exam with 60 questions to be solved in 60 minutes, which means just one minute per question. As questions are easy to moderate, your score depends more on speed, accuracy and smart question selection than on advanced concepts. SNAP 2026 also has a new Ethics, Morality and Values section, which needs separate preparation. Use the section-wise tips below, and read the complete [SNAP Preparation 2026](#) guide for detailed study plans.

Section-wise SNAP Preparation Tips

- **General English (10 questions):** Prepare grammar first. Focus on fill in the blanks, error spotting, correct usage, idioms, proverbs, synonyms and figures of speech. No Reading Comprehension questions appeared in SNAP 2023 to 2025, so spend your English time on grammar and vocabulary, about 30 minutes a day.
- **Quantitative, DI & DS (20 questions):** Start with Arithmetic and Modern Maths, which together averaged 63% of Quant questions in SNAP 2023 to 2025. Then cover Geometry, Number System and Algebra. Learn mental maths shortcuts and skip questions that need long calculations.
- **Analytical & Logical Reasoning (20 questions):** Give non-verbal reasoning the most practice, as it averaged 59% of this section in SNAP 2023 to 2025. Master series, arrangements, family tree, clocks, calendars, coding-decoding and binary logic, along with verbal topics like syllogisms, course of action and assumptions. Practise until each question takes under a minute.
- **Ethics, Morality and Values (10 questions):** This new section is expected to test ethical and moral dilemmas that managers face in business situations. Use a three-step method: identify who is affected and what is at stake, eliminate options that are illegal, dishonest or harmful, and choose the option that solves the problem while keeping the trust of all stakeholders. Practise ethical caselets from XAT Decision Making papers.

SNAP Time Management and Marking Strategy

SNAP has no sectional time limit, so plan your 60 minutes in advance. A practical split is about 8 minutes each for General English and Ethics, 20 minutes for Reasoning, 21 minutes for Quant and 3 minutes for review. The SNAP marking scheme also rewards attempts. With four options and 0.25 negative marks, even a blind guess has a small positive expected value (+0.06 marks per question), and eliminating one option raises it to +0.17. So, in the last minute, mark answers to unattempted questions where you can rule out at least one option.

SNAP Study Plan 2026: By Months Left

Choose your SNAP study plan based on the time left before your first test date.

SNAP Study Plan 2026

Time Left	How to Prepare	Full Mocks
3 months	Month 1: basics and one diagnostic mock. Month 2: sectional tests, timed drills and EMV caselets. Month 3: full mocks, previous year papers and revision.	20 to 25 in total
2 months	20 days on key topics and formulas, 20 days on sectional tests, and 20 days on full mocks and revision.	Every other day in the last 20 days
1 month (after CAT 2026)	Speed drills, grammar and vocabulary, and daily EMV caselets. Quant and Reasoning preparation for CAT carries over.	Every other day

If you register for more than one test, use your first SNAP test to settle your strategy and the later dates to improve your score, as the higher score is considered. Each test costs Rs 2,550 (plus taxes).

SNAP Preparation Books 2026

SNAP books are largely the same as CAT books. The best options are Arun Sharma's How to Prepare for Quantitative Aptitude (13th Edition), Logical Reasoning (9th Edition), Data Interpretation (10th Edition) and Verbal Ability & Reading Comprehension (13th Edition), along with High School English Grammar by Wren and Martin. For practice, Disha Publishing's 20 Year-wise SNAP Previous Year Solved Papers (2005 - 2024) is useful. No book covers the new EMV section yet. Read [SNAP Preparation Books 2026](#) for section-wise details and prices.
