FMS Delhi Admission 2027: CAT Cut Off and Admission Without CAT?

FMS Delhi accepts only CAT 2026 scores for MBA (Full-Time) admission, and applicants who

have not taken CAT 2026 will not be considered. For FMS Delhi MBA Admission 2027, there is no FMS Delhi MBA admission process without CAT for Indian applicants, and there is no FMS Delhi XAT, CMAT or NMAT cut off; GMAT is accepted only from foreign nationals.

Can you get FMS Delhi admission without CAT? Only foreign nationals can. They apply through the University of Delhi Foreign Students' Registry with a GMAT score of 650 or a GRE score of 320, and a completed degree taught in English. ICCR or home-government scholarship holders are exempt from the GMAT or GRE rule. FMS has 25 foreign student seats: 8 for SAARC countries and 17 for others.

FMS Delhi CAT cut off: FMS does not announce a cut off before the process; it posts admission lists, cut-offs, merit lists and waiting lists on its website. Going by past trends, the FMS Delhi CAT cut off is expected in the range of 98 to 99 percentile. For reference, the top 100 students of Batch 2024-26 averaged the 99.69 percentile in CAT. Since shortlisting uses weighted sectional scores, sectional performance matters as much as the overall percentile.

Plan your FMS Delhi MBA Admissions with the [CAT 2026 exam guide](#) and track other MBA deadlines on [MBA admissions 2027](#).

FMS MBA Selection Process 2027: CAT, SOP, Extempore and PI

The FMS MBA selection process 2027 has two stages: shortlisting on a weighted CAT 2026 score, and a final merit list built from the CAT score, Class X and XII marks, a Discussion on Statement of Purpose, an Extempore and a Personal Interview. These two stages are the core of the FMS MBA admission process, and the official weightage has no group discussion or written ability test.

Stage 1, shortlisting: To encourage diversity of gender and academic disciplines, FMS gives different weights to the three CAT 2026 sections. FMS also adds 5 marks to the weighted score of women candidates for shortlisting.

FMS Delhi Shortlisting Weightage 2027 (CAT 2026 Sections)

FMS Delhi Shortlisting Component	Weight
CAT 2026 VARC (Verbal Ability and Reading Comprehension)	40%
CAT 2026 DILR (Data Interpretation and Logical Reasoning)	30%
CAT 2026 QA (Quantitative Ability)	30%
Women candidates	5 additional marks

VARC carries the highest weight, so a strong verbal score can lift your shortlisting chances.

Stage 2, final selection: Shortlisted candidates are ranked on the following official weightage, as per the Information Bulletin 2027-29.

FMS Delhi Final Selection Weightage 2027

FMS Delhi Selection Component	Weight	How it is scored
Weighted CAT 2026 score	50%	Sectional weights as in Table 8
Class X marks	10%	60% to below 75%: 5; 75% and above: 10
Class XII marks	10%	60% to below 75%: 5; 75% and above: 10
Discussion on Statement of Purpose	10%	Held individually for each candidate
Extempore	5%	Held individually for each candidate
Personal Interview	15%	Held individually for each candidate
Total	100%	

Women candidates who appear for the interview get 5 more marks. Candidates must bring original certificates and mark sheets, and FMS declares the final list only after all candidates finish. Interviews are planned for the 2nd and 3rd weeks of April 2027; more information on venue and mode will be published soon.
