Q: Please read the following information and answer the questions.

There are 12 seats in total which are arranged as 6 in a row facing each other. Ten people have occupied the seats in such a way that 5 are seated in each row and there is equal distance between adjacent seats. In row 1, Sadhana, David, Lakshmi, Sonal and Anu are seated and all of them are facing south. In row 2, Lily, Suresh, Deepika, Mahesh and Arvind are sitting and all of them are facing north. One seat is vacant in each row. In the given seating arrangement described above, each person seated in a row faces another member of the other row or a vacant seat. Each member likes only one activity or sport namely, kabaddi, Cricket, Baseball, Chess, Wrestling, Boating, walking, Running, Swimming and Skating. Mahesh sits third to the right of Deepika and likes Chess. Only 2 people sit between Suresh and the vacant seat. Suresh sits at one of the extreme end. Deepika does not like Kabaddi and Running. Suresh does not like Wrestling and Baseball. Ann is not an immediate neighbor of Lakshmi. David likes Skating. The one who likes Baseball faces the other one who likes Running. Vacant seat of row 1 does not face Mahesh and he does not sit at any extreme ends. The one who likes baseball sits opposite to the one, who sits third right of the one, who sits opposite to Mahesh.

Lakshmi is not an immediate neighbor of Sonal. Arvind, who neither likes Wrestling nor Boating does not face vacant seat and sits opposite to the person who likes Kabaddi. Deepika does not sit at extreme ends. Sonal faces Deepika. Vacant seats are not opposite to each other. Two seats are there between Lakshmi and David. David sits third right of the one who likes Walking. The one who likes swimming faces the one who likes chess. The person who likes kabaddi and running are adjacent to each other. Vacant seat of the row 1 is not an immediate neighbor of Sonal. Lakshmi is located at an extreme end.

How to Analyse SNAP Mock Tests 2026 Results

Taking SNAP mock tests is only the first step. The real preparation happens during in-depth analysis. Here is how to analyse your SNAP mock test results effectively:

- **Accuracy Check:** Do not focus only on your score. Calculate your accuracy separately for each section.
- **Time Analysis:** Identify which questions consumed disproportionate time. SNAP rewards smart question selection, not brute-force attempts.
- **Error Classification:** Analyse every wrong answer. Was it a conceptual error, a calculation mistake, or a misread question? Each type needs a different approach.
- **Skipped Questions Review:** Go through every question you skipped. If you could have attempted 3-4 more questions correctly, that directly impacts your percentile.
- **Trend Tracking:** Maintain a mock test log. Track your score, accuracy, and time per section across every mock. Improvement is visible only when tracked consistently.

SNAP 2026 Official Mock Test

SNAP Official Mock Test 2026 will be released before the exam date on SNAP official website. The official mock is the most accurate simulation of the actual SNAP exam. SNAP official mock test can be taken by registered candidates only. **Latest Update:** First Official SNAP 2026

Mock Test will be released on September 24, 2026. Candidate who complete their SNAP Application by September 22 are eligible to take SNAP official Mock test 2026.

Best SNAP Mock Test Series 2026

The best SNAP 2026 mock test series are those that perfectly simulate the speed-based, 60-minute format of the SNAP exam. Leading test-prep providers offer recommended mock series featuring detailed performance analytics, and video solutions:

- **IMS Coaching:** Offers the ADMAT test series, heavily praised for its sectional tests and benchmarking tools. [Avail 40% special discount on IMS Courses.](#)
