

KMAT Kerala Eligibility Criteria 2027

KMAT Kerala has simple eligibility criteria. There is no age limit, final-year students can apply, and the minimum marks required in graduation are set by the university you apply to rather than by CEE. The details below are from the KMAT 2026 notification, and CEE is expected to retain them for 2027.

- **Educational Qualification:** Candidates must have completed a Bachelor's degree of at least three years' duration in Arts, Science, Engineering, Commerce, Management or an equivalent field. For MBA admission, candidates must also meet the minimum marks prescribed by the university to which they apply, so it is important to check the requirement of each university before admission.
- **Final-Year Students:** Candidates appearing in the final year of their qualifying degree are also eligible to apply for KMAT Kerala, provided their results are declared before the MBA admission process begins.
- **Nationality, Nativity and Age:** Both Indian and non-Indian candidates can apply for KMAT Kerala. However, only Keralite candidates are eligible for reservations and fee concessions. There is no upper or lower age limit.
