KMAT Kerala Exam Centre Selection 2027: How to Choose Four Cities

Choose your test cities carefully, because no modification is possible after you click "Save and Finalize" in the online application. These four steps will help:

1. **Check the official list:** select only from the city codes in CEE's list for KMAT 2027, once it is published.
2. **Rank by travel time:** put the city you can reach most easily first, keeping in mind that both 2026 exams were held on a Sunday.
3. **Use all four choices:** fill every choice with a city you can reach, but be prepared for a centre in another city if too few candidates choose yours.
4. **Review before you finalise:** check your city choices along with the rest of the form before final submission.

- **No change after declaration:** CEE does not entertain any request to change the date or centre of the exam once it has been declared.
