- A) loyal
 - B) responsible
 - C) unreliable
 - D) true

Correct Answer : Option C

6. Which one of the following is a correctly spelled word?
- A) consanguineous
 - B) consanguineous
 - C) consanguinous

D) consanguineous

Correct Answer : Option A

7. Which one of the following is a correctly spelled word?

- A) garulous
- B) garruloes
- C) garrulues
- D) garrulous

Correct Answer : Option D

8. Which one of the following is a correctly spelled word?

- A) polyphiloprogenitive
- B) polyphilopregenitive
- C) polyphilopragenitive
- D) polyphiloprogeunitive

Correct Answer : Option A

9. Which one of the following is a correctly spelled word?

- A) surreptitious
- B) sureptitious
- C) surreptious
- D) surreptitious

Correct Answer : Option D

10. Which one of the following is a correctly spelled word?

- A) viscissitude**
- B) vicsissitude**
- C) vicisitude**
- D) vicissitude**

Correct Answer : Option D

11. Which one of the following is an antonym to the word timid?

- A) afraid**
- B) fearless**
- C) mousy**
- D) skittish**

Correct Answer : Option B

12. Which one of the following is an antonym to the word wane ?

- A) remit**
- B) vanish**
- C) grow**
- D) shrink**

Correct Answer : Option C

13. Which one of the following is an antonym to the word reverence ?

- A) praise
- B) respect
- C) dignify
- D) ridicule

Correct Answer : Option D

14. Which one of the following is an antonym to the word daunt ?

- A) bother
- B) scare
- C) encourage
- D) frighten

Correct Answer : Option C

15. Which one of the following is an antonym to the word ferocious ?

- A) dreadful
- B) soft
- C) fierce
- D) violent

Correct Answer : Option B

16. Change the present simple sentence " She boils water for tea " into past simple sentence.

- A) She boil water for tea
- B) She is boiling water for tea
- C) She has boiled water for tea
- D) She boiled water for tea

Correct Answer : Option D

Change the present simple sentence : “The students enter the hall without making noise ” into past simple sentence.

- A) The students enters the hall without making noise
- B) The students have entered the hall without making noise
- C) The students entered the hall without making noise
- D) The students have entered the hall without made noise

Correct Answer : Option C

A) He went to movie even though he was sick

B) He go to movie even though he was sick

C) He went to movie even though he has sick

D) He goes to movie even though he had sick.

Correct Answer : Option A

Find out the correct preposition

He was looking all the different possibilities.

A) with

B) of

C) in

D) for

Correct Answer : Option D

Find out the correct preposition.

He arrived early, so he had to wait his friend.

- A) of
- B) for
- C) with
- D) to

Correct Answer : Option B

Find out the correct preposition

She has been working on it last week

- A) since
- B) on
- C) for
- D) from

Correct Answer : Option A

Find out the correct preposition

He will qualify a year of entering the campus

- A) from
- B) since
- C) with
- D) within

Correct Answer : Option D

Find out the correct preposition

I will complete all my assignments Saturday.

- A) in
- B) from
- C) on
- D) during

Correct Answer : Option C

26. Change the sentence “He enjoys reading historical novels ” into an interrogative sentence

- A) Is he enjoy reading historical novels?
- B) Do he enjoy reading historical novels?
- C) Does he enjoys reading historical novels?
- D) Does he enjoy reading historical novels?

Correct Answer : Option D

27. Change the sentence “They have completed the work ” into an interrogative sentence

- A) Do they completed the work?
- B) Have they completed the work?
- C) Did they completes the work?
- D) Did they completed the work?

Correct Answer : Option B

Convert the sentence into DIRECT SPEECH: He said that he would meet me in the library.

- A) He said, " He will meet you in the library "**
- B) He said, " He will meet me in the library "**
- C) He said, " I will meet you in the library "**
- D) He said, " I will meet him in the library "**

Correct Answer : Option C

Convert the sentence into DIRECT SPEECH : They told us they were going to the theatre

- A) They said, " we are going to the theatre"**
- B) They said, " they are going to the theatre"**
- C) They said, " we went to the theatre"**
- D) They said, " we were going to the theatre"**

Correct Answer : Option A

Convert the sentence into DIRECT SPEECH : He said he had been working

- A) He said " I have been working "**
- B) He said " he has been working "**
- C) He said " He had been working "**
- D) He said " I have worked"**

Correct Answer : Option A

31. Convert the sentence into Passive Voice : She lights the lamp.

- A) The lamp was lighted by her
- B) The lamp is lighted by her
- C) The lamp has lighted by her
- D) The lamp is lighted by him

Correct Answer : Option B

32. Convert the sentence into Passive Voice :He is not driving a car

- A) A car is not being driven by him
- B) A car is not driven by him
- C) A car was not being driven by him
- D) A car was not been driven by him

Correct Answer : Option A

33. Convert the sentence into Active Voice :The assignment had been completed by her

- A) She had been completed the assignment
- B) She had been completing the assignment
- C) She completed the assignment
- D) She had completed the assignment

Correct Answer : Option D

Convert the sentence into Active Voice :

Our home-work shall have been completed by us

- A) We shall have been completed our home-work
- B) We shall have completed their home-work
- C) We shall have completed our home-work
- D) They shall have completed our home-work

Correct Answer : Option C

Choose the words for each blank that best fit the meaning of the sentence as a whole:
Seventy two year old man ----- half his time in India and the in the US

- A) spend, rests
- B) spends, rest
- C) reside, live
- D) live, remaining

Correct Answer : Option B

Choose the words for each blank that best fit the meaning of the sentence as a whole:

36. The new programme would enhance the ----- of the professionals and deepen the
of
safety protocols

- A) income, issue
- B) spread , darkness
- C) expenditure, problems
- D) skill, understanding

Correct Answer : Option D

Choose the word for the blank that best fit the meaning of the sentence as a whole:

37. The 160-metre long skywalk will public to move safely between bus stand and railway station.

- A) give
- B) enable
- C) sanction
- D) improve

Correct Answer : Option B

Choose the word for the blank that best fit the meaning of the sentence as a whole:

38. The armed forces used air defence mechanisms to armed drone and missile attacks from another country

- A) discourage
- B) foster
- C) avoid
- D) thwart

Correct Answer : Option D

Choose the word for the blank that best fit the meaning of the sentence as a whole:

39. Security measures have been intensified at the airport an order from the Bureau of Civil Aviation Security

- A) following

- B) preceding
- C) earlier
- D) before

Correct Answer : Option A

- A) 4 hours**
- B) 6 hours**
- C) 8 hours**

D) 10 hours

Correct Answer : Option C

A is twice as efficient as B. If A and B together finish a job in 12 days, then number of days required for B to finish the job, is

A) 18 days

B) 24 days

C) 30 days

D) 36 days

Correct Answer : Option D

Two men A and B complete a task in 8 days and earn Rs.8000. If A does 60% of the work, then A gets

A) Rs.4800

B) Rs.6000

C) Rs.4200

D) Rs.4000

Correct Answer : Option A

An amount invested at 12% simple interest amounts to Rs. 6200 in 2 years. The principal amount is

A) Rs. 5000

B) Rs. 5200

C) Rs. 5400

D) Rs. 5600

Correct Answer : Option A

57. Let x and y be positive integers such that $x^2 + y^2 + xy = 61$. If $x = 4$, then the value of y is

A) 4

B) 5

C) 6

D) 7

Correct Answer : Option B

A sum of money invested at compound interest amounts to Rs.15,000 in one year and Rs.16,500 in two years. Then the rate of interest is

A) 8%

B) 10%

C) 12%

D) 15%

Correct Answer : Option B

59. In how many years will Rs.15,000 become Rs.19,500 at 5% simple interest per annum?

A) 4 years

B) 8 years

C) 5 years

D) 6 years

Correct Answer : Option D

If the compound interest for 2 years at 10% per annum is Rs.1050, then the principal amount is

- A) Rs.5000
- B) Rs.5500
- C) Rs.6000
- D) Rs.6500

Correct Answer : Option A

The ratio of boys to girls in a school is 3:5. If there are 240 girls, then number of boys in the school is

- A) 120
- B) 132
- C) 148
- D) 144

Correct Answer : Option D

62. If $5 : x = 60 : 48$, then x is equal to

- A) 2
- B) 3
- C) 5
- D) 4

Correct Answer : Option D

A sweet item contains sugar and flour in the ratio 3 : 4. If 400g of flour is used in the sweet item, then the quantity of sugar used in the sweet item is

- A) 300g
- B) 350g
- C) 400g
- D) 450g

Correct Answer : Option A

The monthly salaries of three employees A, B and C are in the ratio 3:4:5. If the total

64. monthly salary of the three employees is Rs.7200, then the salaries of A, B and C are respectively

- A) Rs.2400, Rs.2800 and Rs.3200
- B) Rs.1800, Rs.2400 and Rs.3000
- C) Rs.1600, Rs.2400 and Rs.3200
- D) Rs.1800, Rs.2200 and Rs.3000

Correct Answer : Option B

65. A runner can complete a 750 m race in two and a half minutes. The speed of the runner is

- A) 18 km/hr
- B) 16 km/hr
- C) 20 km/hr

D) 22 km/hr

Correct Answer : Option A

66. The 20th term of the sequence 1, 4, 7, 10, ... is equal to

A) 56

B) 66

C) 68

D) 58

Correct Answer : Option D

A bacterium doubles every hour. There are 5 bacteria initially. How many will there be after 6 hours?

A) 160 bacteria

B) 320 bacteria

C) 640 bacteria

D) 460 bacteria

Correct Answer : Option B

A ball bounces back to half of its previous height each time. If it is dropped from 256 meters, what is the height after the 6th bounce?

A) 16 m

B) 8 m

C) 4 m

D) 2 m

Correct Answer : Option C

69. The 20th term in the triangular numbers 1, 3, 6, 10, 15, 21, . . . is

- A) 190**
- B) 195**
- C) 200**
- D) 210**

Correct Answer : Option D

70. How many numbers between 1 and 200 are divisible by 13?

- A) 13**
- B) 15**
- C) 17**
- D) 19**

Correct Answer : Option B

The arithmetic mean of 20 numbers is 16. If each number is multiplied by 3, then the new mean is

- A) 60**
- B) 48**
- C) 23**
- D) 19**

Correct Answer : Option B

The mean of four numbers is 300. If the mean of two of the four numbers is 310, then the mean of the other two numbers is

- A) 290
- B) 295
- C) 300
- D) 305

Correct Answer : Option A

73. If one-fourth of a number exceeds 20% of the number by 10, then the number is

- A) 150
- B) 180
- C) 200
- D) 250

Correct Answer : Option C

74. The arithmetic mean of the numbers 7, 14, 21, . . . , 63 is

- A) 38
- B) 37
- C) 36
- D) 35

Correct Answer : Option D

The mean of 9 numbers is 50. One of the numbers is wrongly recorded as 63 instead of 36. What is the correct mean?

- A) 47
- B) 48
- C) 49
- D) 50

Correct Answer : Option A

76. A television is sold for Rs.44,000 at a profit of 10%. What is the cost price?

- A) Rs. 42,000
- B) Rs. 40,000
- C) Rs. 41,000
- D) Rs. 41,500

Correct Answer : Option B

A shopkeeper buys an item for Rs. 2800 and sells it at a 15% profit. What is the selling price?

- A) Rs. 3120
- B) Rs. 3140
- C) Rs. 3220
- D) Rs. 3240

Correct Answer : Option C

A man buys 100 apples for Rs. 3000 and sells 80 apples for Rs. 3000. What is the percentage of profit?

- A) 20%
- B) 22%
- C) 24%
- D) 25%

Correct Answer : Option D

A trader offers a discount of 20% on a product but still makes a profit of 10%. What is the marked price of the product if the cost price is Rs.8000?

- A) Rs.11000
- B) Rs.10000
- C) Rs.10500
- D) Rs.9000

Correct Answer : Option A

The length and breadth of a rectangular field are 165m and 120m. If the field is to be paved with identical square tiles of maximum size, then the length of the side of the tiles is

- A) 10m
- B) 11m
- C) 16m
- D) 15m

Correct Answer : Option D

The sum of two numbers is 6000. On dividing the larger number by the smaller, we get 2 as quotient and 600 as remainder. What is the larger number?

- A) 4000
- B) 4100
- C) 4200
- D) 4300

Correct Answer : Option C

82. Which one of the following numbers is divisible by 3?

- A) 4678
- B) 5687
- C) 6988
- D) 6987

Correct Answer : Option D

In a class there are 30 girls and 20 boys and their average height is 160 cm. If the average height of girls is 150 cm, then the average height of boys is

- A) 175cm
- B) 172cm
- C) 170cm
- D) 165cm

Correct Answer : Option A

In a survey of 80 people, 35 like tea, 40 like coffee and 15 like both. The number of people who like tea only, is

- A) 20
- B) 25
- C) 15
- D) 10

Correct Answer : Option A

85. Sum of two numbers is 20 and their product is 75. Then sum of their squares is

- A) 225
- B) 240
- C) 250
- D) 260

Correct Answer : Option C

The LCM of two numbers is 1360 and their HCF is 20. If one of the numbers is 80, then the other number is

- A) 380
- B) 360
- C) 320
- D) 340

Correct Answer : Option D

87. The value of the sum $8+16+24+32+ \dots +80$ is

- A) 420
- B) 440
- C) 400
- D) 450

Correct Answer : Option B

88. The difference of two numbers is 780 and their sum is 1120. Then the larger number is

- A) 880
- B) 900
- C) 950
- D) 975

Correct Answer : Option C

A positive integer m is increased by 20% and the resulting number is 1080. Then the integer m is

- A) 900
- B) 880
- C) 920
- D) 890

Correct Answer : Option A

The digits of the number 235 are permuted to form 6 numbers (including 235). What is the sum of the resulting 6 numbers?

- A) 2320

- B) 2120
- C) 2220
- D) 2310

Correct Answer : Option C

91. What is the missing digit in the number 432_687 if the number is divisible 9?

- A) 5
- B) 6
- C) 7
- D) 8

Correct Answer : Option B

On dividing a number by 35, we get 29 as remainder. If the same number is divided by 7, then the remainder is

- A) 1
- B) 2
- C) 3
- D) 4

Correct Answer : Option A

93. The number of integers between 25 and 125, which are divisible by 6, is

- A) 15
- B) 14

- C) 16
- D) 18

Correct Answer : Option C

94. If $9859 - 7924 = 8765 - x$, then the value of x is

- A) 6820
- B) 6832
- C) 6823
- D) 6830

Correct Answer : Option D

95. The smallest number x such that $4456 + x$ is divisible by 7 is

- A) 3
- B) 4
- C) 2
- D) 5

Correct Answer : Option A

If we have the same remainder(non-zero) when dividing the numbers 863 and 814 by a number x , then the value of x is

- A) 3
- B) 5
- C) 7

D) 9

Correct Answer : Option C

A letter is chosen at random from the word "PROBABILITY". What is the probability that the letter is a consonant?

A) $\frac{4}{11}$

B) $\frac{5}{11}$

C) $\frac{7}{10}$

D) $\frac{7}{11}$

Correct Answer : Option D

A bag contains 4 yellow marbles and 6 red marbles. What is the probability of drawing a red marble at random?

A) 0.4

B) 0.6

C) 0.3

D) 0.5

Correct Answer : Option B

99. The probability of drawing a face card (Jack, Queen, King) from a standard deck of cards is

A) $\frac{1}{13}$

B) $\frac{3}{13}$

C) $\frac{1}{26}$

D) $\frac{3}{52}$

Correct Answer : Option B

An integer is chosen at random from 1 to 20. What is the probability that it is a prime number?

A) 0.4

B) 0.5

C) 0.2

D) 0.3

Correct Answer : Option A

Three of the following four are alike in a certain way and so form a group. Which one of the following does not belong to that group?

A) Adjective

B) Verb

C) Semicolon

D) Noun

Correct Answer : Option C

What is the sum of the heights of three brothers A, B, and C? Statement I: B is the tallest and his height is 163 cm.

Statement II: A is the shortest and his height is 154 cm.

To answer the question

A) Statement I alone is sufficient

- B) Statement II alone is sufficient
- C) Both statement I and statement II together are sufficient
- D) Both statement I and statement II even together are not sufficient

Correct Answer : Option D

The Tennis players participating in a tournament are ranked according to their previous

103. record. A player ranks 46th from the top and 58th from the bottom. How many Tennis Players are participating in the tournament?

- A) 102
- B) 103
- C) 104
- D) 105

Correct Answer : Option B

104. B is brother of S; S is sister of F and D is daughter of F. How is D related to B?

- A) Daughter
- B) Sister
- C) Niece
- D) Daughter-in-law

Correct Answer : Option C

105. The next number in the sequence of numbers 5, 8, 6, 9, 7, 10, 8, is

- A) 9
- B) 10
- C) 11
- D) 12

Correct Answer : Option C

106. Lizard : Reptile :: Frog : ?

- A) Fish
- B) Mammal
- C) Amphibian
- D) Invertebrate

Correct Answer : Option C

107.

The average height of 70 students in a class is 166 cm. There are 4 students in the class whose height is equal to the average height of 166 cm. If the height of 32 students is greater than 166 cm, then the number of students in the class whose height is less than 166 cm is

- A) 33
- B) 32
- C) 35
- D) 34

Correct Answer : Option D

In the following pairs of words, identify the pair of words that has same or similar

108. relationship as Teacher : School

- A) Doctor : Hospital**
- B) Chef : Food**
- C) Driver : Car**
- D) Researcher : Journal**

Correct Answer : Option A

A software company lays off 40% of its employees. Among the lay-off employees 20% are

109. developers. The percentage of lay-off developers from the total employees of the company is

- A) 5%**
- B) 8%**
- C) 10%**
- D) 4%**

Correct Answer : Option B

Everyone with good reading habit visits Book Exhibition and every book buyer has a good reading habit. Can we infer that all who visit Book Exhibition are book buyers?

- A) Yes**
- B) No**

- C) May be
- D) Insufficient information

Correct Answer : Option B
