How to Download MAH MBA CET Answer Key 2027

MAH MBA CET answer key PDF download is done from the candidate login during the objection window. Based on 2026, follow these steps:

1. Visit www.mahacet.org and open the CET portal.
2. Log in with your registered email ID and password.
3. Open the answer key section to view the question paper, your responses and the provisional answer key for your session.
4. Compare your response with the key for each question and note the question IDs you wish to challenge.
5. Save or print the pages for your records, as the window is open for only three days.

The MAH MBA CET response sheet shows each question with its question ID, the five options, the option you marked and the provisional key. The 2026 response sheets printed from the candidate login showed the provisional key, before the objection outcomes. You need the question ID to raise an objection.

How to Calculate MAH MBA CET Score Using Answer Key

MAH MBA CET has 200 questions of one mark each and no negative marking, so your raw score is the number of correct answers. Use the MAH MBA CET Answer Key 2027 to calculate it:

1. Count the questions where your answer in the MAH MBA CET response sheet matches the answer key.
2. Count every question declared a bonus ("1 mark to all in session") in the redressal report as correct, whether or not you attempted it.
3. Recount any question whose answer key was changed, using the final key.
4. Ignore wrong and unattempted questions: they carry no penalty.

For example, if 140 of your answers match the final key and two other questions in your session are declared bonus, your raw score is 142. Your percentile depends on how others in your session scored. Check the [MAH MBA CET score vs percentile](#) analysis and the [MAH MBA CET percentile predictor](#).

MAH MBA CET Answer Key Objection 2027: Process and Fee

The MAH MBA CET answer key objection process is online only. The steps for the MAH MBA CET Answer Key 2027 are expected to follow 2026:

1. Log in to the candidate portal during the three-day objection window.
2. Open "Objection Tracking" in your login.
3. Select the question ID you wish to challenge and submit your objection.
4. Pay ₹1,000 per objection online through the candidate portal.
5. Check the objection redressal report on www.mahacet.org.

When an objection is upheld, either every candidate in that session gets 1 mark or the answer key is changed. All other challenged questions were marked "No changes" in 2026. The official notices do not say whether the ₹1,000 fee is refunded for a valid objection.

Challenge a question only if you can show a clear error, such as two correct options. In 2026, a Slot 3 question on the speed of a train was upheld because two of its options, 90 km/h and 25 m/s, were the same speed.
