

MAH MBA CET Syllabus 2027: Section-wise Topics, Weightage, Important Topics and Official Sample Questions; Download PDF

MAH MBA CET Syllabus 2027 covers four areas tested in 200 questions: Logical Reasoning (75), Abstract Reasoning (25), Quantitative Aptitude (50), and Verbal Ability and Reading Comprehension (50). The MAH CET Cell's exam brochure describes what each area measures but does not publish a topic list or syllabus details. So this MAH MBA CET 2027 Syllabus guide combines the official description and sample questions with the topics that actually appeared in the 2026 exam slots. [MAH MBA CET 2027](#) shall be conducted by MAH CET Cell in the first half of April 2027 (first attempt) and in second week of May 2027 (second attempt). Read this MBAUniverse.com guide for section-wise topics, important topics, what changed in 2026 and the best books to cover exam syllabus. MAH MBA CET Syllabus 2027: Overview and Section-wise Weightage

The MAH MBA CET 2027 syllabus is expected to follow the 2026 official exam brochure, which lists three areas: Logical/Abstract Reasoning, Quantitative Aptitude, and Verbal Ability and Reading Comprehension. In the marking scheme, reasoning is split into two sections, giving four scored sections worth 200 marks in all.

9.0 Syllabus and Marking Scheme for MAH-MBA/MMS-CET 2026 Syllabus Contents: -

A) Logical / Abstract Reasoning

This shall include the questions to measure how quickly and accurately you can think. This test may have questions based on figures and diagrams and also question on verbal reasoning.

B) Quantitative Aptitude

This shall include the questions to know how fast and accurate you can work with numbers, do numerical calculations, understand various arithmetic problems involving ratio and proportion, percentage, etc. This test also helps to measure your power of quantitative reasoning, interpretation of tables, common graphs and charts.

C) Verbal Ability and Reading Comprehension

This shall include passages with questions based on their contents to test your comprehension. Your English Language ability would be tested through questions on grammar, vocabulary, sentence completion, synonyms, antonyms, comprehension of passages etc. Your English language ability would be tested through questions on (1) understanding of the contents of the passage and (2) choice of appropriate words, phrases, expressions and similar language skills.

Section and weightage	Official brochure description	Topics seen in the 2026 papers
Logical Reasoning (75, 37.5%)	Speed and accuracy of thinking; verbal reasoning	Arrangements, coding-decoding, series, syllogisms, blood relations, directions, input-output, data sufficiency, some critical reasoning
Abstract Reasoning (25, 12.5%)	Figure and diagram-based questions	Series, figure counting, analogy, odd one out, pattern completion, mirror images, cube and dice
Quantitative Aptitude (50, 25%)	Calculation, ratio, percentage, quantitative reasoning, tables and graphs	Arithmetic (time-speed-distance, time and work, profit and loss, mixtures, interest), number system, two DI sets
Verbal Ability / RC (50, 25%)	Passages, grammar, vocabulary, sentence completion, synonyms, antonyms	Four or five RC passages (20 questions), vocabulary, error spotting, para jumbles, fill in the blanks

MAH MBA CET Syllabus 2027 for Logical Reasoning

The MAH MBA CET syllabus for Logical Reasoning carries 75 questions, the most of any section. The brochure says it measures how quickly and accurately you can think, and its sample questions cover coded blood relations, statements and conclusions, a code language and the scheduling of six plays across six days.

Topic group	Topics
Arrangements	Linear and circular seating, ranking, scheduling, grouping and conditions
Coding and symbols	Coding-decoding, code language, mathematical operations and symbol substitution
Relations and directions	Blood relations (including coded relations), direction sense
Series and others	Number and letter series, clocks and calendars, input-output, Venn diagrams
Verbal reasoning	Syllogisms, statements and conclusions, critical reasoning
Data-based reasoning	Data sufficiency; questions on a table of figures

MAH MBA CET 2026 Trend: the section moved from long puzzle sets to standalone questions. In Slot 1, all 75 were standalone, and 28 of them were number- or maths-based (see H2 6). Critical reasoning appeared in some slots (about 10 questions on April 7 morning and 5–6 on April 8) but not in Slot 1.

MAH MBA CET Syllabus 2027 for Abstract Reasoning

The MAH MBA CET syllabus for Abstract Reasoning has 25 figure-based questions. The brochure says this part may have questions based on figures and diagrams, and all five of its sample questions are problem-figure series, in which you choose the figure that continues the pattern.

- **Series and patterns:** series completion, missing part of a figure, pattern completion.
- **Classification and analogy:** odd one out, figure analogies.
- **Counting and transformation:** counting triangles, squares, circles and lines; mirror images; paper cutting and folding; dice and cube folding; embedded figures.

MAH MBA CET 2026 Trend: rated easy in every slot, with three or four questions similar to previous years. In Slot 1, 8 of the 25 questions were figure counting, 6 were series and 6 odd one out, while Slot 5 had about 13 analogy questions.

MAH MBA CET Syllabus 2027 for Quantitative Aptitude

The MAH MBA CET syllabus for Quantitative Aptitude has 50 questions. The brochure lists numerical calculation, arithmetic problems on ratio, proportion and percentage, quantitative reasoning, and interpretation of tables, graphs and charts; its sample questions add algebra, mensuration and geometry.

Topic group	Topics
Arithmetic	Percentages, ratio and proportion, profit and loss, interest, averages, mixtures, time and work, time-speed-distance
Numbers	Number system and fast calculation, including approximation
Algebra, geometry and mensuration	Equations; areas, perimeters and volumes
Data interpretation	Tables, pie charts, bar graphs and caselets; data sufficiency
Clocks, calendars and probability	Angles between clock hands, day of the week, simple probability

MAH MBA CET 2026 Trend: arithmetic-heavy one-liners. In Slot 1, 24 of the 50 questions were arithmetic and 10 were DI (a caselet and a pie chart), and 5 were on clocks and

calendars. Calculations involved decimals, and one other slot had 6–8 data sufficiency questions.

MAH MBA CET Syllabus 2027 for VARC

The MAH MBA CET syllabus for Verbal Ability and Reading Comprehension has 50 questions. The brochure says it tests your understanding of passages and your English through grammar, vocabulary, sentence completion, synonyms and antonyms; its samples include a reading passage, error spotting and sentence improvement.

- **Reading comprehension:** four or five passages carrying 20 questions, including meaning-in-context and inference questions.
- **Vocabulary:** synonyms, antonyms, word usage, idioms and phrases.
- **Grammar and usage:** error spotting, correct sentence, sentence improvement, active and passive voice, direct and indirect speech.
- **Verbal reasoning:** para jumbles and odd sentence out.

MAH MBA CET 2026 Trend: most slots had four passages of five questions each. In Slot 1, the four passages ran 353–382 words each, on women empowerment, cyber crime, US tariffs and electric vehicles; other slots carried passages on online banking and higher education.

MAH MBA CET Important Topics: Topic-wise Questions in the 2026 Paper

In the 2026 Slot 1 paper, the MAH MBA CET important topics 2027 by number of questions were arithmetic (24) and data interpretation (10) in Quant, reading comprehension (20) in Verbal Ability, series and number puzzles (9) and maths-based reasoning (8) in Logical Reasoning, and figure counting (8) in Abstract Reasoning.

MBAUniverse.com classified every question in the Slot 1 by topic, using the four areas of the MAH MBA CET Syllabus 2027, as given in tables below.

Logical Reasoning (75 questions)

Topic	Questions	Topic	Questions
Series and number puzzles	9	Logical word sequence	5
Maths-based reasoning	8	Directions	5
Digit and number arrangement	6	Venn diagrams	4
Ranking, ordering and seating	6	Mathematical operations	4
Classification (odd one out)	5	Coding-decoding	3
Input-output	5	Alphabet and symbol tests	3
Statements and conclusions	5	Figure counting	2

Topic	Questions	Topic	Questions
Blood relations	5		

Abstract Reasoning (25 questions)

Topic	Questions
Figure counting (triangles, squares, rhombuses, circles, lines)	8
Series (complete or correct a figure series)	6
Classification (odd one out)	6
Dice and cubes	2
Analogy, embedded figure, figure fitting	1 each

Quantitative Aptitude (50 questions)

Topic	Questions
Arithmetic: time and work and pipes (4); averages, percentages, profit and loss, partnership, trains and mixtures (3 each); ages (2)	24
Data interpretation: a caselet on an education loan and a pie chart on students in five schools	10
Number system and simplification	7
Clocks and calendars	5
Mensuration	3
Probability	1

Verbal Ability and Reading Comprehension (50 questions)

Topic	Questions
Reading comprehension: four passages of five questions each	20
Grammar: sentence improvement (3), correct sentence (2), error spotting (2), voice (1), narration (1)	12

Topic	Questions
Vocabulary: synonyms (3), antonym (1), synonym-antonym pair (1), word usage (1)	9
Idioms and phrases	8
Para jumbles	4

Maths and figures inside Logical Reasoning

About 28 of the 75 LR questions (37%) were number or maths-based series and number puzzles, maths-based reasoning such as a train crossing a tunnel or a remainder problem, digit arrangement, mathematical operations and a number odd-one-out. Six more used figures or diagrams. Quant practice therefore earns marks in Logical Reasoning too, which the official MAH MBA CET Syllabus does not make obvious.

Best Books to cover MAH MBA CET Syllabus 2027

According to toppers, [CAT books by Arun Sharma](#) cover MAH MBA CET 2027 syllabus well. The Logical Reasoning book is especially useful because its second part covers the reasoning question types used in other MBA exams, including abstract (visual) reasoning. You can cover MAH MBA CET 2027 syllabus with following books:

- **Quantitative Aptitude** by Arun Sharma (13th edition, 2026): numbers, arithmetic, geometry and mensuration, algebra.
- **Logical Reasoning** by Arun Sharma (9th edition, 2026): Part II covers series, blood relations, directions, statements and conclusions, mathematical operations, coding-decoding, input-output, syllogisms, and visual reasoning such as analogy, odd man out, figure counting, mirror images and paper folding.
- **Verbal Ability and Reading Comprehension and Data Interpretation** by Arun Sharma, latest editions.

MAH CET exam syllabus is also discussed in [MAH MBA CET preparation 2027](#) plan. You can also take free [MAH MBA CET mock tests](#) to understand the exam syllabus.

MBA CET Syllabus vs CAT, XAT and CMAT Syllabus

In addition to MAH MBA CET 2027, you should also know syllabus for top [MBA entrance exams](#). Their syllabi overlap with the CET exam, but each adds something of its own.

Exam	Exam Sections
MAH MBA CET (2026)	Logical Reasoning, Abstract Reasoning, Quantitative Aptitude, Verbal Ability/RC
CAT 2026	Verbal Ability and Reading Comprehension; Data Interpretation and Logical Reasoning; Quantitative Ability
XAT 2027	Verbal Ability and Logical Reasoning; Decision Making; Quantitative Aptitude and DI; General Knowledge
CMAT 2026	Quantitative Techniques and DI; Logical Reasoning; Language Comprehension; General Awareness; Innovation & Entrepreneurship
NMAT by GMAC 2026	Language Skills; Quantitative Skills; Logical Reasoning
SNAP 2026	General English; Analytical & Logical Reasoning; Quantitative, DI & Data Sufficiency

MBAUniverse.com analysis of exam pattern reveals that only MAH MBA CET has a full section of figure-based Abstract Reasoning, and unlike XAT and CMAT, it has no general knowledge or general awareness section.

MAH MBA CET Syllabus 2027: Summary

MAH MBA CET Syllabus 2027 is expected to keep the four areas of 2026 exam: Logical Reasoning, Abstract Reasoning, Quantitative Aptitude, and Verbal Ability and Reading Comprehension. Since the CET Cell publishes no official topic list for the MAH MBA CET exam syllabus 2027, this article provides MAH MBA CET Syllabus based on past papers. Test yourself with [MAH MBA CET previous year question papers](#), follow the [MAH MBA CET study plan](#), take [free mock tests](#) and download the complete guide from the links above.
